

1, 2, 5, 7    **Sophie Nys**

3, 4, 6    **Gijs Milius**

The exhibition *João Jr.* is the remake of *João Drei* which was originally shown at the project space *In spite of* in Porto in 2019. There the Belgian artists Gijs Milius and Sophie Nys designed black and white T-shirts for five round columns. Due to the different setting at Guimarães Vienna the works have been expanded by cloth hangers and are displayed as in a store. Each artist made an edition of 20 T-shirts which can be purchased for only € 20,-!
